D THE GALLOWS RAWLINGS MUST GO

ay of Execution May Be xixed by Court.

AY BE SENTENCED AT ONCE

ot Necessary to Put Hanging Off Twenty Days, as a Man Can Only Once Be Sentenced to Death in the Same Case.

Atlanta, Nov. 7—Now that the supreme court of the United States has declined to interfere with the judgment of the state courts in the case of J. G. Rawlings, of Lowndes county, sentenced to death for the murder of the Carter children, the question of the infliction of the death penalty rests wholly with Lowndes county superior court.

There is no law or precedent for that matter to prevent the execution of Rawlings by order of Lowndes superior court, should the court see fit to pass that order. This has already been decided by the state supreme court.

It is commonly supposed that the law requires the lapse of at least 20 days from the time the date of execution is set until it is actually carried out. This is only true as to the sentence of death. Attorney General Hart stated that a man can be sentenced to death but once for the same crime. What is commonly called "re-sentencing," is simply the fixing of a day upon which the sentence, already passed, shall be carried out.

It is now with the Lowndes county superior court to say on what day old man Rawlings shall be hanged. There is no necessity even to await the arrival of the mandate of the United States supreme court, Judge Hart says, though that will probably be done unless it is long delayed. The Washington tribunal has, however, ordered that mandate immediately transmitted, and it is expected it will reach the district court at Macon this wek.

Old man Rawlings' fate having been finally determined by this decision of the United States supreme court, nothing further stands in the way of the prison commission considering the applications of his sons, Milton and Jesse, also sentenced to be hanged for the same crime, for executive clemency. It is asked for the boys that their sentences be commuted to life imprisonment, and the prison commission will take up their cases for consideration and action at its meeting on November 13.

Dying From Kick of a Mule.

Columbia, S. C., Nov. 7.—Dr. M. C. Cox, a venerable physician of the county of Laurens, is in a precarious condition as the result of the kick of a mule, received several days ago. Dr. Cox was at the home of Captain W. H. Drummond, a neighbor, and while watching a negro boy try to bridle an obstreperous mute, the mule kicked Dr. Cox on the head just above the eye and the skull fractured. He was knocked down and rendered unconscious. He is over 70 years old.

Hit by a Stray Bullet.

Louisville, Ky., Nov. 7.—Miss Ollie Furguson, 17 years old, was injured by a stray bullet from a revolver, and as a result seven persons were arrested and locked up by Detectives Simon and Kimble, of the Seventh district police station. Miss Furguson, who is the daughter of Mr. William Furguson, of Twenty-ninth and Eddy streets, was taken to the Deaconess hospital, where it was found that the bullet had splintered a collar bone.

Hamilton Courtmartial Begins.

New York, Nov. 7.—The courtmartial of Lieutenant John S. Hamilton, Twelfth infantry, U. S. A., for absence without leave, began on Governor Island Monday. Hamilton is the officer who disappeared from the concentration camp at Mount Gretna, Pa., nearly three months ago, and who later wrote a letter to General Bell, the chief of the general staff, telling that officer was going to commit suicide.

SHOT BAD NEGRO.

Negro Resisting Arrest Killed Young White Man.

Wrightsville, Ga., Nov. 7.—Bailiff J. L. Hightower sought to arrest a negro, William Newsome, 7 miles from Wrightsville. Two young white men, John Mason and Ernest Carter, were assisting Hightower. A stubborn fight took place in the negro's house between him and Hightower. Hightower called for assistance. Carter ran into the house, when the negro fired a shotgun at him, the load taking effect in Carter's forehead, killing him instantly. Then Hightower fired upon the negro with a pistol, two bullets taking effect, but not killing him. The negro was then captured.

As Hightower and Mason were briging the negro to Wrightsville, at Sumner's bridge, over Choopee river, about thirty armed and disguised men halted them and fired several revolver shots into the negro and then silently disappeared.

The coroner's jury rendered a verdict that the negro came to his death by gunshot wounds inflicted by unknown parties.

Carter was 23 years old and leaves a wife and one child.

Young Man Accidentally Shot.

Columbia, S. C., Nov. 7.—While out hunting, near Georgetown, Willie Walker, the son of State Senator Legrand G. Walker, accidentally shot himself in the right arm and the limb may have to be amputated. The accident occurred several miles from town and but for the passing of a vehicle the boy would have bled to death as a large artery was cut by the load of shot. Walker and a companion were riding to the hunting grounds on an ox cart and the guns were lying to the bottom of the cart. When they started to alight Walker picked up his gun by the barrels and it was discharged as he drew it out, the load opening his arm from the wrist up and mangling the limb above the elbow. A lady passing in her buggy took him up and drove him rapidly to the Georgetown infirmary.

Officers Not Blamed.

Hong Kong, Nov. 7.—Th efinding of the marine court of inquiry into the fire on board the British steamship Hankow, which was burned by the side of her wharf on Oct. 14, last, absolved the master, Captain Branch, and the ship's officers from any blame in the matter. They, it is said, did all in their power to save life and property, but were unsuccessful owspread and the fierceness of the fire. spread and th efierceness of the fire. The court was of the opinion that herefater all light texture cargoes should be stowed below hatches or screened in such a manner that it would be impossible for passengers to have any access to it.

Negro Found $1,000.

Wabash, Ind., Nov. 7.—Finding $1,000 in a grip in a Marion hotel, the negro porter dashed to the Big Four depot to return it to a member of a theatrical troupe bound for this city. Missing the train, he checked it through. An actress saw the negro waving the grip as the train pulled out, and when it was missed the Marion police were telephoned, and they brought the negro here. He proved he had sent the satchel and had not touched any of the money.

Color Line Must Be Observed.

Columbus, O., Nov. 7.—The color line must be observed in the United States army or recruits who are seen on the streets with negro women will be confined in the guard house. Privates Kane and Shannon, of Columbus Barracks, were given the "mill" because of a violation of this regulation. They are charged with "conduct unbecoming the uniform and detrimental to the service," and will be dealt with by a summary court.

Firman Killed; 4 Others Injured.

New York, Nov. 7.—One fireman was killed and four others injured in a fire that caused a money loss of $75,000 in the building occupied by the New York Vitrified Tile company and the Pilgrim Steam Laundry, in Brooklyn. The dead fireman was J. W. McCusker, an engine man, and all the injured were members of his engine company. They were buried under a wall that collapsed.

DYING, SHE HELD MAN SHE LOVED

Girl Commits Suicide Thinking Her Love Unreturned.

MISUNDERSTANDING WAS CAUSE

Sweetheart Says He Was Only Teasing Her, and She Took His Jest Seriously—A Sad Tragedy Through a Misunderstanding.

Alpharetta, Ga., Nov. 7.—A lover's misunderstanding is the cause of a very sad tragedy in the southern part of Forsyth county, about 7 miles from Alpharetta, in the death from suicide of Miss Minnie Webb, the beautiful 16-year-old daughter of Mr. Henry Webb, a widely known and popular farmer.

For a number of year Miss Webb and Mr. Speer Stone, the son of Mr. and Mrs. George Stone, and a near neighbor, had been sweethearts, and their devotion was a constant source of favorable comment, as both were extremely popular in the community. They were constant companions and attended together the village church.

On the way to and from church Miss Webb appeared in extremely happy spirits and smiled in lighthearted joy on all who she passed.

Consequently one can imagine how sudden was the shock which came to all when it was known that Minnie Webb had shot herself shortly after dinner, and the family hearing the report of a gun and rushing to her room had found her lying across the bed in a dying state.

She stated that her sweetheart had told her that he did npt love her, and as a resort she had shot herself.

The dying girl sent for her sweetheart, Mr. Stone. He arrived almost prostrated over the sad intelligence and protested that he was only trying to tease her and thought her threat to kill herself in answer to his statement was only an attempt to worry him.

However, the explanations proved too late, and in her lover's arms the fair young 16-year-old girl died.

The fatal shot was fired from a single-barreled shotgun. The young lady was highly accomplished and was greatly loved by all.

Chief of Police Suspended.

Memphis, Tenn., Nov. 7.—Mayor Malone Tuesday suspended Chief of Police George T. O'Haver for insubordination. Under th ecity charter the mayor has the right to assign the police where he may deem fit provided that in his judgment sertous trouble is feared. There has been much bitterness between local factions in the campaign for the state legislative ticket and Mayor Malone has made reassignments for the police force. Vice Mayor John T. Walsh and Chief O'Haver instructed the men to remain where they had been first assigned. The mayor thereupon suspended the chief and temporarily appointed Police Sergeant W. I. Hays to act as chief of police. It is said that the majority of the patrolmen took the assignments given out by O'Haver.

"Chewing Gum" Beeman Dead.

Cleveland, O., Nov. 7.—Edwin Beeman, one of the best known physicians in this city, died at an early hour Tuesday morning. About 25 years ago Dr. Beeman quit the practice of medicine to enter into the manufacture of pepsin chewing gum and later he was associated with W. J. White, now of New York. Dr. Beeman made a fortune of several million dollars as did Mr. White. It is said that the idea of combining pepsin with chewing gum was suggested to him by a young woman at a newsstand where he bought chewing gum. At any rate when Dr. Beeman was making money out of the idea he employed the young woman and saw that she was well taken care of when he disposed of his gum business.

Dressmaker's Deed.

Evansville, Ind., Nov. 7.—Miss Mayme Brannan, a dressmaker, living near Newburg, Ind., committed suicide by taking carbolic acid. No cause is assigned.

HIS JEALOUSY CAUSE OF DEATH

Lamp Accused Berry of Improper Relations with His Wife.

Albany, Ga., Nov. 7.—A report from Sylvester, the county seat of Worth county, says Marshal Berry came in and surrendered to Sheriff Sumner for killing Joe Lamp near their house in the southern part of Worth county, jealousy being the cause of the difficulty. Lamp having repeatedly accused Berry of having had criminal relations with his, (Lamp's) wife.

Reports have it that the friends of both parties had no confidence in Lamp's charge, believing hallucination to be the result of an insane jealousy, and these friends were trying to reconcile the two men. Lamp first tried to get at Berry with a shotgun and a pistol, which were taken away from him. He then rushed on Berry with a knife and cut him once in the back, whereupon Berry wheeled on him and cut him to death.

Lamp leaves a wife and widowed mother. Berry has a wife and two or three small children.

The concensus of opinion seems to be that Berry was justified.

Big Fire from Incendiary.

Augusta, Ga., Nov. 7.—Fire broke out in the general merchandise store of Sol Hammett, at Spread, Ga., on the Augusta Southern railway, and before being placed under control had destroyed $40,000 worth of property. The cause of the fire is thought to be the work of robbers, as the iron safe in Hammett's store was broken open. A heroic fight was made by the citizens to prevent the whole town being destroyed. The largest losers in the fire are T. Worthen Bros., which is said to be $30,000. No trace of the alleged robbers and incendiaries have been found.

Cashier Short $22,115.

Montgomery, Ala., Nov. 7.—Cashier H. C. Dubose, of the Monroe bank, at Monroeville, has been checked short $22,115, and the same reported to State Bank Examiner Rutledge. The bank is perfectly safe, as the surplus funds will make the depositors' whole. D. D. Mims has been appointed cashier. The directors say Mr. Dubose has taken the sum of 522,115.77. However, $30,000 has been secured against the shortage.

Boy Incendiary at Tampa.

Tampa, Fla., Nov. 7.—As a result of eight fires occurring in this city, all of which were extinguished before much damage was done, Charlie Woodberry, 15-year-old white boy, was arrested by the police. The boy was seen to start two of the fires, and he is suspected of causing numerous other fires ocurring in the past three weeks.

Ogeechee Slips from the Ways.

Quincy, Mass., Nov. 7.—The steel steamship Ogeechee, the second of a fleet of four steamers being built by the Fore River Shipbuilding company was successfully launched at the company's yards Monday. The vessel was christened by Mrs. Dimon, wife of C. L. Dimon, vice president and general manager of the Brunswick company.

Wage Increase is Refused.

Fall River, Mass., Nov. 7.—In reply to their letter requesting an advance in wages of 10 per cent. the textile council received Monday a reply from the manufacturers' association that the request was premature, and that there must be a longer run of the present improved business before the proposition could be considered.

Hunted Wife With Gun.

Steubenville, O., Nov. 7.—Jacob Johnson, aged 40, after seeking and failing to find his wife, intending to shoot her for causing him to be sent to the workhouse, shot himself in the left breast with a rifle and died in a short time. Mrs. Lizzie Gaither took carbolic acid because of family troubles, ending her life.

Accidentally Shot Mother.

New York, Nov. 7.—While taking apart his revolver so that it could do no harm, Henry Stedner, 13 years of age, of College Point, L. I., accidentally shot his mother. She is dying and the boy will lose his reason as a result of the tragic accident.

Comrade Who Went to His R cue Was

ALMOST SMOTHERED TO DEA

Man Fell Into Grain Pit and In T ing to Rescue Himself Sank Dee and Deeper to His Death, the Gr Completely Burying Him.

New York, Nov. 7.—Patrick D lan, foreman of the grain handl in the elevator of the William Ba company, Brooklyn, fell into a containing 3,000 bushels of grain.

The little kernels, rolling agai one another like miriads of cogs a great machine, grasped his fe his ankles, his legs, his knees, c winding each other like honey cel held him fast and drew him do with a power that was irresistible.

Dolan plunged this way and that a with every step the quicksand-l little grains gripped him more fir ly. He called for help, and Pe Amazio, a fellow worker, went to assistance. He threw a rope to D lan which the latted seized so de perately that he drew Amazio i the pit.

Other workmen who had been lunch, now heard the outcries, b both men had disappeared.

A rush was made for the chut through which the grain was unloa ed, and unfastening the covers t men let the wheat run into the stre

Soon Amazio's body shot down t chute and Dolan's followed.

The latter was dead, having b smothered, but Amazio was still al and will recover.

Judgment Was Reversed.

St. Paul, Minn., Nov. 7.—Th judgment of the United States distri court was reversed by the circu court of appeals in the case of Thom as B. Rider against the United State and the higher court rendered its de cision against the government. Th case came from the eastern distri of Arkansas. The government char ed that Rider was not registered a physician and was not authorized grant a permit to any person to bath in any of the bath houses of the Ho Springs Mountain reservation. H had been fined $25 by a court commis sioner and on appeal to the distri court Rider was fined $100 and costs

Appeals to Charity.

London, Nov. 7.—A dispatch fro St. Petersburg to Reuter's Telegrap agency today says that Lieutenan General Stoessel, the defender of Por Arthur, is in such financial straits tha he has applied to a charitable institu tion for wounded soldiers, for assist ance to enable him to employ a ser vant. The officers of the institution asked the general to produce a medi cal certificate showing that his health required the services of a servant.

Aged Engineer Dead.

New York, Nov. 7.—Charles Fra zier, the oldest engineer of the Erie railroad, died at his home at Pater son, N. J., Monday. Mr. Frazier was 72 years old, and had been in the employ of the Erie for 56 years. He entered the service of the Patter son and Ramapo road in 1850, when that road had only two locomotives. He was in only one accident. It oc curred in 1853, when his train ran into a carload of emigrants, killing two of them.

Shot by a Hog Thief.

Collinsville, Ill., Nov. 7.—Almost at his own doorstep Martin Fuchs, a farmer, was shot to death after a struggle with a man to prevent his hogs from being stolen. His own shotgun was used in killing him. Jno. McMullen talked so much about the killing after the body was found that he was arrested on suspicion.

OF. HOLLOWAY WELL PLEASED

Thorough Investigation of University of Florida.

SYSTEM IS PERFECT

rally Expected, Under Circum-ances of Recent Reorganization, Find Irregularities, But Was Happ- Disappointed.

Hon. Wm. M. Holloway, State Superintendent of Public Instruction, made an official visit to the University Florida Wednesday, the first official he has made since the opening of institution in Gainesville. He was eived cordially by President Andw Sledd, and was shown through- the buildings and grounds.

"I must say that I feel proud of our University," remarked Prof. Holway, in referring to his visit. "I am ry much pleased and gratified at the cellent condition of every department, especially when it is taken into nsideration that this is the first rm in the new buildings. Naturally, ne would expect to find matters to a rtain extent disorganized, and I expected it under the circumstances; but I was happily disappointed, as everything was in perfect system and working order, and no more could have been expected."

Prof. Holloway paid a high compliment to the president and his able faculty, as well as the student body, on the general condition of the University.

Prof. Holloway left on the afternoon train for Jacksonville, from whence he will return to Tallahassee.

A Hunting Party.

Sheriff L. W. Fennell is at home again, after enjoying a fine hunt with a party of friends from the East End.

The hunting party consisted of Drs. Fortner and McRae, Hiram Fortner, Alex Craig, Cab Wynn, Joseph Nobles and John Fennell, all marksmen of recognized ability.

The party invaded the swamps of the Ocklawaha river, and from November 1 to 3 the victims of the hunt amounted to five deer, to say nothing of the small game.

Sheriff Fennell was compelled to return home and left the party reluctantly in camp, where prospects were good for a fine season's hunt.

Wednesday's Fire.

An alarm of fire was turned in from Box 82 at 1:20 o'clock Wednesday afternoon, which summoned the department to the blacksmith shop of L. W Denham, West Main street S. There was little damage, only a small hole being burned through the roof. It is stated that the building had been twice on fire in the forenoon of Wednesday, and that the flames were extinguished by those in the vicinity. It is thought that the origin of the third fire was caused from the spark of a passing locomotive.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root,** the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

EAST FLORIDA TELEPHONES.

System to be Extended to Brooksville Within Next Few Weeks.

The East Florida Telephone Company, the headquarters of which are in this city, are making rapid strides in the matter of service and extension, and are giving their patrons all that could be desired. Through the energy of this company the people of Gainesville are enabled to converse not only with their neighbors in the county, but it is now possible to talk with Ocala, Dunnellon and other points. It is a great convenience, as well as a comparatively economical one.

Manager E. E. Voyle of the East Florida has returned from Ocala, where he has perfected arrangements with the local exchange of the Brick City to connect with all local 'phones in Ocala. The system has just been completed to that city, and will be in first-class working order in a few days.

Manager Voyle authorizes the statement that work will begin in a few days on the Inverness, Floral City and Brooksville extension, and within a few weeks we may be enabled to talk to our friends in Brooksville.

MR. KIRBY'S HARD LUCK.

Burglars Relieved Him of Sixteen Dollars of Hard-Earned Money.

Rufus Kirby, an industrious young man of this city, is sixteen dollars shy as the result of a burglar entering his room some time during Tuesday.

Mr. Kirby is a hard-working, ambitious young fellow, and by his economy has endeavored to save up considerable. Occasionally he takes his savings to bank and deposits them, but for some reason he had neglected to attend to this deposit, which should have been made several days ago.

The money was in one of the private small steel banks furnished by the First National for the purpose of encouraging savings, and the thief relieved Mr. Kirby of the whole business.

Mr. Kirby's friends sympathize with him in this loss.

Pleasant Hunting Party.

A pleasant hunting party, comprising Mr. and Mrs. S. J. Thomas and son, S. J., Jr., Mr. and Mrs. L. C. Lynch, and Mr. and Mrs. Greaves, who have been for the past two days enjoying camp life and hunting in the vicinity of Cooter Pond, are expected to return home today. The party was a jolly one, the ladies lending tone, and it is needless to add that the participants are thoroughly enjoying the novelty.

There is No Reason

Why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not gain on food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. THE ELKS' HOME.

Work Progresses Nicely, and Home Will be Completed Shortly.

Work on the Elks' home, corner West Liberty and South Pleasant streets, continues to move along nicely. The carpenters are now busily engaged in making the necessary alterations for a modern building, and when completed this will be one of the most conveniently arranged and most comfortable buildings in the State. The committee which has the work in charge deserves a great deal of credit.

The committee has not forgotten the wives, sisters and sweethearts of the Elks, for an elegant parlor and other quarters are being provided for the ladies. These will be elegantly furnished, and in all the Elks' home will be a desirable resort not only for members of the order, but for the ladies as well.

It is expected that the building will be ready for occupancy within a couple of weeks.

ROAD PROGRESSING NICELY.

Over a Half-Mile Has Been Constructed Between Paradise and LaCrosse.

Road Overseer Thigpin, one of the most competent road-builders in the State, was in the city from Paradise Wednesday.

Mr. Thigpin, who has charge of the construction of the extension of the public road from Paradise to LaCrosse, states that he is mking fairly good time. He is working a force of four double-teams, recently purchased by the county, and a dozen or more men. A half-mile has already been constructed, and Mr. Thigpin hopes to complete his task by December 1.

Mr. Thigpin states that the material for road-building in the section in which he is now working is among the most durable in the county. It is a mixture of sand and clay, works beautifully, and shows indications of extraordinary wearing qualities, inasmuch as it is of a natural sand and clay composition.

TAMPA BAY HOTEL.

Ideal Stopping Place for Visitors to the Fair.

Visitors to Tampa during the coming State Fair will find no place to stop equal to the magnificent Tampa Bay Hotel. It is famed over the whole United States as one of the finest hotels to be found anywhere in the world. Its managers have during the past summer expended $25,000 on its improvement and it is prepared to afford the most delightful accommodation to the crowds who will attend the Fair.

Manager Lauber tells us that rates have been fixed during the Fair as low as $3.00 per day for first-rate room and board; but, of course, more luxurious apartments may be secured at higher prices. A visit to Tampa would hardly be a success unless you patronize this palatial hostelry; and he is a wise man who will at once engage a room either by wiring or writing to Manager Lauber.

The Amendment in This County So Badly Defeated That It Will Never Rise Again—Vote Remarkably Strong on This Particular Question.

Wednesday brought a few additional returns from the various precincts of the county, but returns have been slow in coming in. Thh Sun will not attempt to publish a list complete for all officers and amendments until the returns have been made, but inasmuch as the drainage question seems to be the paramont issue the result will be published for the information of the public.

Eighteen precincts, including Gainesville, give for drainage 175; against drainage 591, which means that the amendment will be badly defeated in Alachua county. The precincts yet to be heard from are all considered strong anti-drainage precincts, which will swell the majority considerable.

Following is the vote by precincts so far heard from:

	For	Against
LaCrosse	13	69

THE NEWS FROM ARCHER.

Marriage of Popular Young People. Loss by Fire—Other Notes.

Archer, November 6.—Miss Mary Taylor, a charming young lady of this place, was married on Thursday evening to Robt. Heagy at the home of her parents, Mr. and Mrs. David Taylor. Only a few friends beside the family were present. Rev. Waddell performed the ceremony.

Sam T. Fleming has returned home, having spent some time in North Georgia for his health. He comes back much improved in health.

G. D. Fleming lost by fire on Friday his barn filled with hay and feed. His loss will amount to over one hundred and fifty dollars.

Fire broke out in the gins of Hodgson & Wood about noon Tuesday, but was put out with very little loss.

Rev. Rosborough is holding a series of meetings at the Presbyterian church this week.

Election passed off quietly today, 18 votes being polled, and the drainage question standing 9 for, and 17 against the measure.

Wednesday's Meetings.

The court house was a scene of activity Wednesday, the occasion being the meetings of the Board of County Commissioners and the School Board. Tuesday was the regular meeting day of these bodies, but owing to the election the date was postponed for one day.

A full membership was present on both boards, and the regular routine of business was transacted.

Micanopy Happenings.

Micanopy, Nov. 7.—Mrs. M. C. Price has been sick, but is out again.

The telephone exchange here will soon be completed, and then the line will be run into Gainesville.

Mr. Peace has moved into his house on Seminary street, and Mr. Melton is moving into the Simonton house which Mr. Peace vacated.

Auto Garage Burns.

Oakland, Cal., Nov. 7.—Fire Monday night destroyed the Pioneer Automobile garage at Twelfth and Oak streets, and two adjoining houses, involving a loss of $150,000. Twenty-five automobiles stored in the garage were burned. The fire was started, it is alleged, by one of the employes, who dropped a match in a pool of water overflowed from a sewer, which was heavily coated with oil.

Fatal Stabbing Affair.

Athens, Ala., Nov. 7.—Ernest McCormack was probably fatally stabbed by Ernest McCune, near Christine, in the southwestern part of this county and the men are both prominent young farmers in the community. While a number of farmers were assembled the young men became involved in a quarrel. McCune was released by the constable and is said to have left the community.

Request Services of Vanderbilt.

New York, Nov. 7.—William K. Vanderbilt, Jr., was requested by the board of the American Automobile association to represent the interests of that organization at the international automobile conference to be held in Paris next month when it is expected a formal decision will be made regarding the disposition of the Vanderbilt cup next season.

Had a Close Call.

"A dangerous surgical operation involving the removal of a malignant ulcer as large as my hand from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickel of Miletus, W. Va. "Persistent use of the salve completely cured it." Cures cuts, burns and injuries. 25c at all druggists'.

Origin of the Olympic Games.

Each tribe wished for itself the credit of having established the festival which drew to Olympia the strength, beauty and intelligence of all Greece. Some claimed that Zeus established the festival to commemorate his success in the contest with Cronus for the sovereignty of heaven, a myth which seems to point to a Pelasgic origin of the games. The Achaeans coveted the honor for their hero Atreus and Strabo for the Etolians. More widely credited was the belief that the games were established by the Cretan Hercules, who in play challenged his brothers to run a race and to crown the victor with a branch of wild olive. To the interest of the Dorians was the myth of Apollo outrunning Hermes and Ares. But such myths do not necessarily imply a remote antiquity for the events to which they give a poetic coloring. It is more to the point that Homer describes several of the contests represented afterward in the great national games, and that some of them may even be found in Egyptian wall paintings of the second and third millenniums before Christ.

Nests on the Water.

It is almost unthinkable that a bird should build a nest on the water. Yet that is exactly what the grebes always do. With reeds, grass and plant stems the grebe makes a regular floating island, somewhat hollowed out on top, usually near the open water of a marshy or reedy lake. We have several kinds of grebes, but their nests are much alike, sometimes moored to the reeds, but usually floating freely on the water.—St. Nicholas.

GILPIN BOUND OVER.

Commitment Trial Concluded for the Killing of McDonald.

Vidalia, Ga., Nov. 7.—The commitment trial of Will Gilpin for killing Colonel W. W. McDonald has been concluded.

Among the witnesses for the prosecution were Drs., Meadows and Peacock, Mrs. Rimes and Mr. Rese.

The evidence seemed to give some strength to the theory that Gilpin and his wife conspired to slay McDonald.

The case of Mrs. Gilpin was then taken and Gilpin was permitted to make a statement.

Judge McIntyre rendered his decision in the case by binding the defendant over for murder.

The case of Mrs. Gilpin was then taken up, and by agreement she was permitted to go free to await the action of the grand jury of Toombs county.

Gilpin was carried to Mount Vernon jail by Sheriff Scarboro. At the close of the trial Colonel Saffold appealed to the court to have Gilpin placed in the jail at Swainsboro, where he might have an opportunity of seeing his mother, who is now 70 years old. This matter was referred to the proper authorities, as Judge McIntyre had no jurisdiction.

The trial has attracted much attention, and many people from a distance were present.

STOMACH'S IMPORTANCE.

How to Strengthen It so That It Will Act as It Should.

The stomach is the principal organ concerned in the digestion of food. If it is weak, inactive or out of order and unable to properly digest the food, the body will soon be in a state of semi-starvation.

Then, too, when the stomach is weak, the food is not properly digested and lies in it for hours, decomposing, fermenting and forming poisonous gases and ptomaines that are absorbed into the blood, poisoning the system and impoverishing the blood.

To enjoy good health, it is absolutely necessary that the stomach and digestive organs should be strong, and no other remedy equals Mi-o-na in strengthening and giving tone to the whole digestive system.

Relief from the use of Mi-o-na is permanent and lasting. Use Mi-o-na for a few days, and the digestion will be good, the appetite keen, and there will be no nausea or distress after eating, no sleeplessness, no nervousness, and the headaches, backaches and disturbed heart action that are the direct result of a weakened stomach will soon be overcome.

Mi-o-na is sold under an absolute guarantee that the money will be refunded unless the remedy does all that is claimed for it. Ask J. W. McCollum & Co. to show you the guarantee which they give with every 50-cent box.

Two Men Killed in Wreck.

Romo, N. Y., Nov. 7.—A locomotive drawing an eastbound freight train on the Central railroad jumped the track here and plunged into a saloon. Engineer Albert Brown, of Little Falls, was caught in the wreckage, and scalded to death. Brakeman Rabert B. Vandervoort, of Albany, was crushed to death under the tender. Fireman H. L. Grover, of Syracuse, escaped through the cab window unhurt.

Robbed Prisoners While Locked Up.

Atlanta, Nov. 7.—While locked in a cell at police headquarters on a drunk and disorderly charge G. C. Jones, who claims to be a switchman on the Central of Georgia railroad, robbed Pierce Franklin, a fellow prisoner, of his watch. In police court Recorder Broyles fined Jones $50.75 for taking the watch.

His Bleached Skeleton.

Waverly, O., Nov. 7.—In a thicket near the Pee Dee Mills, was found the bleached skeleton of William Durham, aged 45, a hostler, who is supposed to have committed suicide in this spot last July. The remains were identified by the clothing and a missing eye-tooth.

A Cough Medicine

Ayer's Cherry Pectoral is a regular cough medicine, a strong medicine, a doctor's medicine. Good for easy coughs, hard coughs, desperate coughs. If your doctor fully endorses it for your case, then take it. If not, then don't take it. Never go contrary to his advice.

We have no secrets! We publish the formula of all our preparations.

SORES AND ULCERS

TROUBLESOME-OFFENSIVE-DANGEROUS

Nothing is more discouraging than to have an unhealthy sore or ulcer resist one treatment after another, sometimes scabbing over and apparently getting well, then returning with renewed energy and becoming worse than before. Sores and ulcers are not due to outside causes; if they were, salves, plasters, lotions, etc., would cure them. They are kept up by a diseased and polluted condition of the blood brought on by the absorption of refuse and waste matters of the body into this vital fluid. These accumulations find their way into the blood, usually because of an inactive and sluggish condition of the system. Nature intends that they shall be carried off through the usual channels of waste, but the different members failing to perform their duties properly leave the matter to sour and ferment. The blood then, in its effort to keep the system healthy, absorbs these poisons and at the first bruise, cut or wound the sore is formed, and the constant drainage of foul matter through it keeps the place open and irritated so it cannot heal. Another cause for old sores and ulcers is the polluting or weakening of the blood from the remains of some constitutional trouble or the effects of a long spell of sickness. S. S. S. begins at the fountain-head and drives out all poisonous matter and germs, and makes a lasting cure. As soon as the system gets under the influence of S. S. S. the inflammation gradually leaves, the flesh takes on a healthy color, and soon the place is permanently healed. Book on sores and ulcers and any medical advice without charge.

BOUND CASHIER; LOOTED BANK

Two Robbers Get Off With Neat Sum of $7,000.

LaSalle, Ill., Nov. 7.—The Farmers' and Miners' Bank of Ladd, a mining town, was held up and robbed Monday afternoon. The assistant cashier, J. J. Hurley, was alone in the bank when two men entered, and asked for some pennies. The next moment, covering Mr. Hurley with revolvers, they ordered him to throw up his hands, and marched him to a back room, where they bound him hand and foot. After taking a quantity of money the men escaped.

The amount of their booty will be about $7,000, as near as the bank officers were able to estimate the loss at present.

Ladd was thrown into a state of excitement by the daring hold-up. One of the two masked robbers guarded the street door while the other scooped up the cash. Some reports say that the amount stolen is $20,000. It was mostly in currency.

The robbers had ben gone on hour before the robbery was discovered, and the imprisoned bank officer released. The robbers hired a livery rig at Perue to drive to Ladd.

In about three hours they came back and returned the rig to the liveryman, Denny, who, having heard of the hold up, tried to procure the assistance of citizens to surround the robbers in the livery stable, but the robbers drew revolvers and shot at everyone who appeared near the stable.

The robbers finally slipped from the stable and kept up a running fight for an hour, finally escaping in the direction of LaSalle after eluding the Peru police.

G.B.Burhans Testifies After Four Years

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease have disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." Castellane Divorce Suit.

Paris, Nov. 7.—A continuation of the plea of the Countess de Castellane for absolute divorce from her husband, Count Boni, and the custody of their children, will be presented before the tribunal of first instance of the Seine at Paris by Maitre Crupi, counsel for the countess, Nov. 7, after which the defense of Count Boni will be heard.

Smallpox on a Whaler.

San Francisco, Cal., Nov. 7.—The whaling schooner Monterey, Captain Foley, has arrived from the north. Early in the cruise smallpox in epidemic form broke out among the crew. Sixteen men, including Captain Foley, contracted the disease, and some of the cases resulted fatally. The vessel's catch was but one whale.

Dr. Pierce's Favorite Prescription

Is a powerful, invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. The local, womanly health is so intimately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," "run-down" or debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription has proven a priceless benefit because of its health-restoring and strength-giving powers.

As a soothing and strengthening nervine, "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency.

Cures obstinate cases. "Favorite Prescription" is a positive cure for the most complicated and obstinate cases of "female weakness," painful periods, irregularities, prolapsus or falling of the pelvic organs, weak back, bearing-down sensations, chronic congestion, inflammation and ulceration.

Dr. Pierce's medicines are made from harmless but efficient medical roots found growing in our American forests. The Indians knew of the marvelous curative value of some of these roots and imparted that knowledge to some of the friendlier whites, and gradually some of the more progressive physicians came to test and use them, and ever since they have grown in favor by reason of their superior curative virtues and their safe and harmless qualities.

Your druggists sell the "FAVORITE PRESCRIPTION" and also that famous alterative, blood purifier and stomach tonic, the "GOLDEN MEDICAL DISCOVERY." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.

Gambler Killed in a Duel.

Reno, Nev., Nov. 7.—In a pistol duel here at the Palace saloon, Ed Ferrell, a gambler, was killed by Charles Kuch, a bartender. Kuch's jealousy over the attentions which Ferrell is alleged to have been paying his wife is said to be the cause of the trouble. Kuch is said to have been looking for Ferrell all day. Both men were prepared for trouble when they met in the saloon, and firing began immediately. Ferrell fell shot through the body by two bullets, and died in a few minutes later in a hospital. Kuch received three wounds, none of which are serious. He is under arrest. Three by-standres received slight wounds.

Made Happy For Life.

Great happiners came into the home of S. C. Blair, school superintendent at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' dance, which yielded to no treatment but grew steadily worse, until as a last resort we tried Electric Bitters, and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by all drug stores. Price, 50c.

Guilty of Manslaughter.

New York, Nov. 7.—Miss Florinola Illario, who has been on trial in the Somerset county court at Somerville, N. J., charged with the murder of Alexander Diapolo, was found guilty of manslaughter by the jury Monday night. She was convicted of having shot and killed Diapolo. It was brought out in the trial that Diapolo had squandered all her money. The defense contended that the shooting was accidental. Sentence was deferred.

Gored to Death by a Bull.

Gallipolis, O., Nov. 7.—Charles D. Bailey, 78 years old, who lived two miles above Gallipolis, was attacked by an enraged bull, while crossing a field and gored to death. Mr. Bailey was one of the most prominent farmers in this section. He was a former member of the state board of agriculture and served many years as commissioner of Gallia county.

NOW BELIEVED NEGRO LOCATED

Lynching May Follow Akridge Murder by Ex-Convict.

Camilla, Ga., Nov. 7.—It is rumored that Jet Ricks, the negro who shot John Akridge Saturday night, has been located. There is a great indignation felt over this cold-blooded affair, and it is probable if these rumors are true, Ricks will be lynched. Armed posses have been scouring the country since the affair. The hounds failed at first to get the scent as the negro was traced to a small creek and there the trail lost.

J. L. Palmer, a relative to the wife of Mr. Akridge, has offered a reward of $250. Ricks is a black negro about 5 feet, 8 inches high, and weighing about 135 pounds. He had just finished his second term in the chain-gang about three weeks ago. Mr. Akridge was buried Sunday afternoon by the Masons from Pelham, Camilla and Sale City. He leaves a wife and three little girl children. A large number of Mr. Akrdige's friends are eager to see quick justice administered.

Sells More of Chamberlain's Cough Remedy Than of All Others Put Together.

Mr. Thos. George, a merchant at Mt. Elgin, Ontario, says: "I have had the local agency for Chamberlain's Cough Remedy ever since it was introduced into Canada, and I sell as much of it as I do of all other lines I have on my shelves put together. Of the many dozens sold under guarantee, I have not had one bottle returned. I can personally recommend this medicine as I have used it myself and given it to my children and always with the best of results." For sale by all druggists.

Sail for New York.

New York, Nov. 7.—A London special to the Times says that Lord Curzon, former viceroy of India, who married Mary Leiter, the earl and Countess of Norfolk (Margaret Hyde Leiter), and Mrs. Leiter, are sailing on the Baltic for New York. Andrew Carnegie accompanied by his secretary, went into the federal building late Monday and spent half an hour with United States Commissioner Shields. He refused to discuss his visit. Mr. Shields had made some depositions, but refused to disclose character.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co. Detroit, Mich.

Mixed with sweet milk or with carbonated water and syrups, "pusky" is a drink that makes a man throw his wife around in his arms just for the exercise.

THE ELECTION.

The result of Tuesday's election was about as predicted by The Sun on the morning of the election. Hughes, Republican, defeated Hearst, Independence League and Democratic nominee, by 52,600, but the other Democratic candidates in the Empire State were elected. This is additional evidence that the old line Democrats of the East will not stand for Socialism from a radical standpoint. The Democrats gained a number of Congressmen, but the Republicans still control the House as well as the Senate, and President Roosevelt will continue to direct legislation for the next two years. It was too much to expect a national Democratic victory this year, when the country is in such a prosperous condition, and those who predicted such a result of the battle of the ballots were looked upon as false prophets.

The only issue of interest in Florida was the drainage amendment, and the result shows that the people of this State do not care to invest five men with monarchial powers, the amendment having been defeated by a vote of at least two to one. The vote on this question in Alachua county is especially gratifying to The Sun.

F. M. Barnes, manager of the White City, Chicago's world-famous amusement resort, arrived in Tampa last week and at once began to make preparations for the appearance of the great White City Hippodrome at the State Fair. This attraction, which will cost the Fair Association $20,000 for two weeks, will appear only in Tampa, never having been South before. "My firm," said Mr. Barnes, "supplies the State fairs of the West with practically all of their attractions. In all my experience, however, my firm has never known another State Fair to contract for a single attraction as costly and magnificent as the White City Hippodrome. Having leased the Hippodrome to the Florida State Fair Association for a certain sum for two weeks, I have no financial interest at stake, and therefore my opinion is not biased. A show the equal of the Hippodrome to be put on during the Fair has never been equalled at any State in the South or elsewhere. In view of the great expense I do not see how the Fair Association can realize anything from the production. They tell me they are not in the business for the purpose of making money. Their contract with me, which I never once thought would be made, apparently proves the truth of this statement. The people of Florida should appreciate their liberality."

"You have appendicitis and lung trouble," announced the physician, as he peeped through the patient with his X-ray apparatus, "also trace of liver comp'aint and a mild form of dyspepsia; also $28 10 in your pocket. My fee is $28." Here he turned off the current and told the patient the examination was over. "It's all right doctor," said the patient, "but it seems to me that you have neglected an opportunity to scure ten cents and other things you mentioned."

Three hundred and fifty thousand tomato plants are required each year for the two hundred acres of land owned by the canning company near Keokuk, Iowa. These plants are set with an automatic planter, and are of the New Stone and Greater Baltimore varieties.

A prosperous farmer in South Carolina on thirty-five acres of land that was formerly devoted to the culture of rice, planted potatoes, and the result of his experiment was a net profit of $14,000. The average production per acre was over 250 bushels.

There has been an increased production of coal during the past year, but it has not been allowed to get so common as to lessen the price per ton.

Of all the special days at the coming Florida State Fair at Tampa, none will be more brilliant and enjoyable than Educational and Children's Day—Friday, Nov 23. State Superintendent of Public Instruction, W. M. Holloway, has prepared a special program for this occasion and invitations have been sent to every school in Florida to have their pupils present. Thousands of children will visit Tampa on this day, and they will be shown the best of care and attention from the time they leave their homes until they return. The railroads will make special arrangements for their care. In addition to the literary program, the directors of the Fair Association are arranging a fine special program, including a matinee performance in the Hippodrome, horse races, fireworks, and many other features. After a visit to the new Educational building addresses will be delivered by the leading educators of Florida. Every school teacher and patron in Florida should see that the children attend and receive the educational benefits to be derived from the grand display, as well as enjoy themselves.

They seem to have troubles over the servant question even in France, for a dispatch reports the President of France has fired his cook. It is to be hoped that no such trouble will occur in the White House, for with a man of the choleric disposition of the President of the United States the result might be disastrous.

THE NEW AND ENLARGED EDITION OF
WEBSTER'S INTERNATIONAL DICTIONARY

Excels in Vocabulary. It is the most useful in size and contents, judiciously selected to exclude corruptions of good usage, and to avoid unintelligible technicalities.

Excels in Arrangement. Each word begins a paragraph in its correct alphabetical place and is readily caught by the eye.

Excels in Etymologies. These are complete and scientific, and embody the best results of philology. They are not scrimped or crowded into obscure places.

Excels in Pronunciation which is indicated by respelling with the diacritically marked letters used in the schoolbooks, the sounds of which are taught in the public schools.

Excels in Definitions. They are clear, terse, yet complete, and are given in the order in which the word has acquired its shades of meaning. Many of the definitions are illustrated.

Excels in its Appendix which is a packed storehouse of useful knowledge.

Excels as a Working Dictionary. No other book embodies so much useful information, or is so indispensable in the home, study, school, or office.

The International has 2380 quarto pages with 5000 illustrations. 25,000 new words have recently been added and the Gazetteer of the World, and Biographical Dictionary have been completely revised under the supervision of W. T. Harris, Ph.D., LL.D., U. S. Commissioner of Education.

FREE—"A Test in Pronunciation," instructive and entertaining for the whole family. Also illustrated pamphlet.

FULTON'S FIRST FARE.

An Incident Which the Steamboat Genius Never Forgot.

There was one little incident in Robert Fulton's life which Fulton never forgot. It took place shortly before the return trip of his famous boat's voyage by steam up the Hudson river. At the time all Albany flocked to the wharf to see the strange craft, but so timorous were they that few cared to board her. One gentleman, however, not only boarded her, but sought out Fulton, whom he found in the cabin, and the following conversation took place:

"This is Mr. Fulton, I presume?"

"Yes, sir."

"Do you return to New York with this boat?"

"We shall try to get back, sir."

"Have you any objection to my returning with you?"

"If you wish to take your chances with us, sir, I have no objection."

"What is the fare?"

After a moment's hesitation Fulton replied, "Six dollars." And when that amount was laid in his hand he gazed at it a long time, and two big tears rolled down his cheeks. Turning to the passenger, he said:

"Excuse me, sir, but this is the first pecuniary reward I have received for all my exertion in adapting steam to navigation. I would gladly commemorate the occasion with a little dinner, but I am too poor now even for that. If we meet again I trust it will not be the case."

As history relates, the voyage terminated successfully. Four years later Fulton was sitting in the cabin of the Clermont, then called the North River, when a gentleman entered. Fulton glanced at him and then sprang up and gladly shook his hand. It was his first passenger, and over a pleasant little dinner Fulton entertained his guest with the history of his success and ended with saying that the first actual recognition of his usefulness to his fellow men was the $6 paid to him by his first passenger.

In Time of Peace.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cure of colds and it should be kept at hand ready for instant use. For sale by all druggists.

A Lucky Escape.

During the Spanish war, while the battleships were on blockade at Santiago, it was customary to load the six pounder guns every evening to protect against possible torpedo boat attack. While the triggers were being eased down one of the guns on the Massachusetts was accidentally discharged, the shot passing over the quarter deck of the Texas, which was lying next in the blockading line. All the officers of the Texas were on deck smoking and talking when the shot passed a few feet above their heads. Almost before it struck the water a signal was started on the Texas from its commanding officer, Captain Jack Phillips, to the commanding officer of the Massachusetts. The signal was, "Good line, but a trifle high."—Harper's Weekly.

Sluggish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive as you feel dull, your eyes are heavy and slight exertion exhausts you. Orino Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and very pleasant to take. Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

A Quaint Inn Sign.

At Boxted, in Essex, England, there is a beer house with the strange sign of the Whig and Fidget. Inquiry elicited the fact that the house was built many years ago by a man who was a Whig in his political opinions. His neighbors also regarded him as a "fidgety" man; hence when the house was opened the people of the parish, having regard to its owner's peculiarities, named it the Whig and Fidget, otherwise the Fidgety Whig.

Croup.

A reliable medicine and one that should be kept in the home for immediate use is Chamberlain's Cough Remedy. It will prevent the attack if given as soon as the child becomes hoarse, or even after the croupy cough appears. For sale by all druggists.

Dairy and Food Commission's Report.

The Minnesota Dairy and Food Commission's analysis shows that Kennedy's Laxative Honey and Tar and Bee's Laxative Honey and Tar contained opiates and croton oil. Opiates are poisons and croton oil is a violent poisonous purgative. Refuse to accept any but Foley's Honey and Tar in a yellow package. Foley's Honey and Tar contains no opiates or dangerous drugs and is the best cough and cold cure. J. W. McCollum & Co.

Professors Outnumber Students.

New York, Nov. 6.—A Boston special to the Tribune says preparations have begun for the celebration next year of the centennial of Andover Theological seminary. There are only eleven students all told there now, but it has an endowment of $1,000,000 and its professors outnumber the students. In the century just closing, however, 2,168 students have been graduated, a majority of them entering the congregational ministry. Last year only six gained a degree. During the last six years eighteen students were the highest enrollment for any one year.

Identity of Human Torso.

Birmingham, Ala., Nov. 7.—Officers Monday made inquiries concerning the identity of the human torso recently found near Bessemer in the Jefferson county trunk sewer. It is stated that relatives fear the torso is that of Michael Liebel, who has been missing for some time from his home in Erie, Pa.

Be Charitable

To your horses as well as to yourself. You need not suffer from pains of any sort—your horses need not suffer. Try a bottle of Ballard's Snow Liniment. It cures all pains. J. M. Roberts, Bakersfield, Mo., writes: "I have used your Liniment for ten years and find it to be the best I have ever used for man or beast." Sold by W. M. Johnson.

THE WORLD OF THE DIVER.

His One Great Danger Lies In His Utter Helplessness.

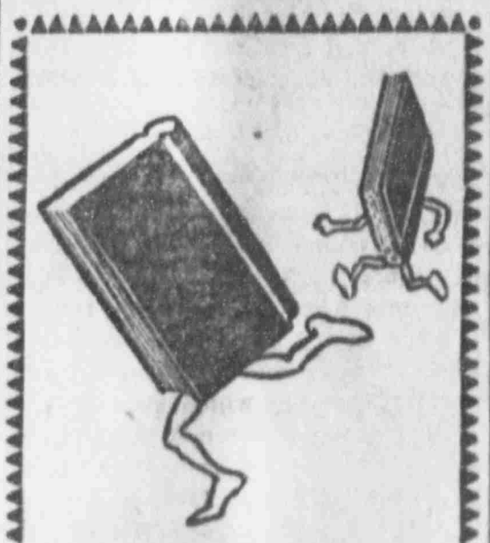
Every surrounding, every condition, almost every detail of the submarine diver's work is as if invented by the romancist for a setting to a weird, uncanny tale.

The one great danger to the submarine diver lies in his utter helplessness. No matter how or where he turns in his marvelous world, where even the very laws of nature seem turned topsy turvy, he is handicapped with odds against the life within him. Groping in the murk of the pitchy darkness of a river bottom or crouching on the sands in the green gray twilight of an ocean bed, he works alone, a monster headed, awkward, hideous creature, squeezed as if in a vise by the tons upon tons of water surrounding him and clad in a cumbersome, unwieldy armor, stiff as sole leather, which often proves his casket.

From the instant the helmet is screwed down and the "helper" grasps the life line and lowers the diver hand over hand, the "click, click, click," of the pumps bringing fresh air and the hiss of the escape valve carrying away the "used up" air, sound in the diver's ears. The "click, click, click," becomes part of his subconscious self. He is listening for it always, ever; not a "click" escapes him. He starts violently at the slightest irregularity of the sound. He listens for it so intently that to save his soul he cannot count correctly 100 bricks into a bucket, taking them one at a time.—A. W. Rolker in Appleton's.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tacket of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored, and as time has proven, permanently cured." Guaranteed for sore lungs, coughs and colds, at all drug stores. Price, 50c and $1. Trial bottle free.



TESTING METHODS

A test as to the value of newspaper advertising over other methods was made a year ago by the great publishing house of Harper & Bros. Two books were selected, one by a well known popular author and the other by an unknown writer. The latter was selected for the newspaper advertising and the other for the usual channels.

With equal expenditure the work advertised in the newspapers outstripped the other in sales by 200,000 copies.

The result was a complete surprise and established the fact that readers go to the newspapers for information with regard to books as well as with regard to most other matters.—National Printer-Journalist.

The best advertising medium for any merchant is the local paper which goes into the homes of the people, as this paper does.

He reports that good progress is being made in the cutting of the right-of-way and grading on the line between Fairfield and Crystal River, which has already been established.

If you come in here and buy a Hart Schaffner & Marx suit, consider all the results of the transaction to you. Leave us out of it; assume that we make a fair profit; we do.

But you make a better profit than we do; you get the clothes. You get absolutely honest, all-wool fabrics; clothes you can respect; that you don't have to apologize for or be ashamed of because they're not what they seem.

You get what no "mercerized cotton" clothes could ever give you—long, satisfying service; shape-keeping service; tailoring that fits your ideas and shape; style that's distinctive.

Such clothes preserve and strengthen a man's self-respect; "mercerized cotton" makes a man ashamed to look his clothes in the face; or ought to.

DRAINAGE AMENDMENT DEFEATED.

pecial to The Sun.

Jacksonville, Fla., Nov. 6.—Scattering returns from nearly every county in the tate indicate the defeat of the drainage amendment to the Constitution by three to one. Nine returns from different counties are as follows: For the amendment, 496; against, 1,191.

Hughes is elected Governor of New York over Hearst by 50,000. The other Democratic candidates for State offices are elected by good plurality.

J. O. LAFONTISEE.

IN ALACHUA COUNTY.

Notwithstanding that Tuesday was a general election, in which many important issues, especially amendments to the Constitution, were to be voted upon, comparatively little interest was manifested locally, and the vote fell away short of the registered strength of this precinct.

The vote throughout the county, however, was fair, which was evident that the people in the country were more deeply interested than the town people.

The center of interest in Gainesville, as everywhere else, was the drainage amendment, this amendment being the principal measure upon which the political line was drawn.

The day was clear and inviting, and it was expected that a considerably larger vote would be polled; but the voters of Gainesville seemed void of the energy of walking to the polls. Had the full vote been polled the drainage amendment would have been more mercilessly defeated.

So deeply interested were the people of the county in this drainage question that all sight was lost in the count for the regular candidates, and, notwithstanding that an endeavor was made, it was impossible to secure the returns complete of the various precincts. However, as that part of the ticket was a certain Democratic success, little attention was paid to it.

Following is the result of the election in Gainesville:

For Congress, 2nd District.

Frank Clark	228
John F. McClellan	8

Duval Will Be Close.

Jacksonville, Nov. 6.—The result of the election on the drainage amendment in Duval will be close, judging from the returns so far received, although it is believed that the amendment will be defeated by a small majority.

Eight precincts out of twenty-six give 300 for and 325 against the amendment.

It is difficult to secure returns from many of the country precincts.

In Levy County.

Information from Levy county last night was to the effect that the county would give a strong vote against the drainage amendment Five precincts out of fourteen, including Bronson, gave 34 for and 178 against.

Leon County.

Tallahassee, Nov. 6.—Precincts 12 and 13, Leon county, show returns for drainage amendment, 74; against amendment, 115. It has been impossible to secure returns from country precincts.

Citrus County.

Crystal River, Nov. 6.—The returns for this precinct give for railroad commissioner, Blitch 23, Beach 9, Burr 24, Sill 3; Justices Supreme Court, Green 7, Parkhill 28, Whitfield, 22; Senator 14th District, Cone 31; Representatives General Assembly, Avant 22, Knight 31; for drainage amendment 3, against amendment 30.

Escambia for Drainage.

Pensacola, Nov. 6.—Unofficial returns indicate that this county has gone for the drainage amendment by about three to one.

MAN IN FRIGHT KILLS HIMSELF

Alleged That Was Infatuated With Young Woman.

LETTER FROM HAWKINS FOUND

And He Killed Himself in Presence of Wife and Children—Illicit Relations Between Grass Widow and Hawkins Not Suspected.

Knoxville, Tenn., Nov. 6.—As a sequel to the cold-blooded assassination of Mrs. William Garrett, a grass widow, at Abingdon, Va., Saturday night, came the suicide Sunday at Abingdon of John Hawkins, a near neighbor of the woman. His suicide followed his learning that he was under suspicion for the killing of Mrs. Garrett.

Hawkins was a married man about 30 years old and leaves a wife and three small children. His reputation had been excellent and he had never before been under suspicion. Hawkins became connected with the case by the discovery of a letter which he had written Mrs. Garrett and which is now in the possession of the commonwealth's attorney.

In this letter, it is said, is matter incriminating the dead man and Mrs. Garrett, although the woman is said to have lived in a way not to invite suspicion. Mrs. Garrett's assassination was a horrible affair, her head being partially blown off by two loads from a shotgun.

Hawkins killed himself in the presence of his wife and children.

Test Case Called.

New York, Nov. 6.—The case of Chief Yeoman Tracey J. Bunzell, U. S. N., against the New Port Amusement association was called in the superior court at Newport, R. I., on Monday. President Roosevelt has contributed $100 toward its prosecution, as it is to test the right of any place of amusement to debar men wearing the United States uniform. The defendant's counsel claims in demurrer that there is no law by which an amusement company can be prevented from prohibiting sailors in uniform from dancing in its hall. The demurrer will be heard and if it is sustained, Bunzell and counsel will carry the case to the supreme court. If not allowed, the case will go before a jury on its merits.

Liquor Seller Heavily Fined.

LaFayette, Ga., Nov. 6.—Martin Fehn, who was indicted under 19 separate counts by the grand jury of Walker county for selling whisky without license, entered a plea of guilty at the special term of court. Judge Moses Wright, the presiding judge, fined Fehn $200, including costs in each case, or a total of $3,800. In the event that he is not able to pay his fine, Fehn will have to serve three years and four months in the chaingang. The cases grew out of the illicit sale of whisky at the army post in this county, where Fehn for some tim ran an open barroom.

TO THE GALLOWS RAWLINGS MUST GO

Day of Execution May Be Fixed by Court.

MAY BE SENTENCED AT ONCE

Not Necessary to Put Hanging Off Twenty Days, as a Man Can Only Once Be Sentenced to Death in the Same Case.

Atlanta, Nov. 7—Now that the supreme court of the United States has declined to interfere with the judgment of the state courts in the case of J. G. Rawlings, of Lowndes county, sentenced to death for the murder of the Carter children, the question of the infliction of the death penalty rests wholly with Lowndes county superior court.

There is no law or precedent for that matter to prevent the execution of Rawlings by order of Lowndes superior court, should the court see fit to pass that order. This has already been decided by the state supreme court.

It is commonly supposed that the law requires the lapse of at least 20 days from the time the date of execution is set until it is actually carried out. This is only true as to the sentence of death. Attorney General Hart stated that a man can be sentenced to death but once for the same crime. What is commonly called "re-sentencing," is simply the fixing of a day upon which the sentence, already passed, shall be carried out.

It is now with the Lowndes county superior court to say on what day old man Rawlings shall be hanged. There is no necessity even to await the arrival of the mandate of the United States supreme court, Judge Hart says, though that will probably be done unless it is long delayed. The Washington tribunal has, however, ordered that mandate immediately transmitted, and it is expected it will reach the district court at Macon this wek.

Old man Rawlings' fate having been finally determined by this decision of the United States supreme court, nothing further stands in the way of the prison commission considering the applications of his sons, Milton and Jesse, also sentenced to be hanged for the same crime, for executive clemency. It is asked for the boys that their sentences be commuted to life imprisonment, and the prison commission will take up their cases for consideration and action at its meeting on November 13.

Dying From Kick of a Mule.

Columbia, S. C., Nov. 7.—Dr. M. C. Cox, a venerable physician of the county of Laurens, is in a precarious condition as the result of the kick of a mule, received several days ago. Dr. Cox was at the home of Captain W. H. Drummond, a neighbor, and while watching a negro boy try to bridle an obstreperous mule, the mule kicked Dr. Cox on the head just above the eye and the skull fractured. He was knocked down and rendered unconscious. He is over 70 years old.

Hit by a Stray Bullet.

Louisville, Ky., Nov. 7.—Miss Ollie Furguson, 17 years old, was injured by a stray bullet from a revolver, and as a result seven persons were arrested and locked up by Detectives Simon and Kimble, of the Seventh district police station. Miss Furguson, who is the daughter of Mr. William Furguson, of Twenty-ninth and Eddy streets, was taken to the Deaconess hospital, where it was found that the bullet had splintered a collar bone.

Hamilton Courtmartial Begins.

New York, Nov. 7.—The courtmartial of Lieutenant John S. Hamilton, Twelfth Infantry, U. S. A., for absence without leave, began on Governor Island Monday. Hamilton is the officer who disappeared from the concentration camp at Mount Gretna, Pa., nearly three months ago, and who later wrote a letter to General Bell, the chief of the general staff, telling that officer was going to commit suicide.

THE MAYOR'S COURT WAS A LIVELY ONE

One Defendant Heavily Fined, Charged With Selling Liquor.

ONE CUT HALF IN TWO

By the Mayor, Pending Good Behavior of Offender—Colored Men and Women Engaged in General Fight, and All Fined Save One.

There was a most interesting session of the mayor's court Monday morning, there being one case of selling intoxicating liquors and four offenders charged with fighting and causing a general "rough house" on West Market street during Saturday night.

C. Reinhardt was arrested by Marshal Chas. Pinkoson at an early hour Sunday morning upon a charge of selling whiskey in a county which had voted against the sale of same. The defendant gave bond for his appearance Monday morning, and was released. When arraigned in court he pleaded not guilty, but the evidence of several witnesses was of such a nature as to convince the court of his guilt, and he was assessed a fine of $500 and costs, or sixty days in prison. Half the fine was remitted, however, pending future good behavior. Notwithstanding that Reinhardt pleaded not guilty, he offered no defense.

George McCann, fighting, was fined $5 and costs or sixty days. A colored man sailing under the illustrious cognomen of George Washington was also arraigned for fighting, and was compelled to cough up $10 and costs or go to jail thirty days. Julia Bishop, a chocolate-colored damsel, got mixed up in a row and it required $25 and costs or sixty days' confinement in jail to get her out into the pure, fresh air again. Katie Walthem, who was also implicated, was more fortunate, as there was not sufficient evidence to prove that she was fighting—in fact, the testimony intimated that she was trying to get away, and she was discharged.

UNIVERSITY'S HARD LUCK.

Defeated by Savannah Blue and White Team Twenty-Seven to Two.

A telegram was received in this city Monday night announcing the defeat of the University football team at Savannah by the Blue and White eleven of the Forest City, Monday afternoon, by a score of 27 to 2.

This was no surprise, however, as the Georgia team had the Florida boys a long ways outclassed as far as weight was concerned—an average of 20 pounds each.

WOODMEN WELL PLEASED.

Were Treated Royally at Hands of Alachua Brethren Monday Night.

The degree team of Alachua Camp No. 5, Woodmen of the World, returned Tuesday from Alachua, where on Monday night they conferred work upon five candidates, giving them the Second Degree in a most impressive manner. The "working" team of Alachua Camp is said to be as good as can be found in the great forest of Florida, which is indeed a compliment.

At the conclusion of the work a delicious supper was served by the Alachua boys of Woodcraft, which it is needless to add was relished, after a hard night's work.

Those who attended from Alachua Camp are loud in their praise of the hospitable manner in which they were entertained at the hands of their Alachua friends.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tacket of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored, and as time has proven, permanently cured." Guaranteed for sore lungs, coughs and colds, at all drug stores. Price, 50c and $1. Trial bottle free.

In the Mayor's Court.

Lige Williams was arraigned in the mayor's court Tuesday morning upon a charge of fighting and his wife was the plaintiff. Notwithstanding that the pair have only been married about three months, the woman testified that Williams showed his "affection" upon this particular occasion by throwing a hatchet at her, which might have killed her had she been directly in its path. The defendant was fined $5 and costs or thirty days upon the streets.

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' dance, which yielded to no treatment but grew steadily worse, until as a last resort we tried Electric Bitters, and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by all drug stores. Price, 50c.

Senior League Social.

The Senior Epworth League of the Methodist church, together with the Methodist squad of the University, were entertained by a delightful social at the home of Major and Mrs. W. R. Thomas Tuesday evening. The function was well attended, and the evening passed in a manner appropriate to the occasion.

There is No Reason

Why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. PROF. HOLLOWAY HERE.

Came to Inspect Schools and Incidentally to Cast His Vote.

From Wednesday's Daily Sun.

Among the prominent visitors to this city is Hon. W. M. Holloway, State Superintendent of Public Instruction, who came for the purpose of officially inspecting the University of Florida and the University High School, and incidentally to cast his vote.

Prof. Holloway spent the greater part of yesterday at the University High School, and authorizes the statement that he feels very much gratified at the excellence of that institution. He is well pleased with the general deportment and discipline of the school, and complimented Principal McBeath and his faculty very highly.

Prof. Holloway will pay the University an official visit today.

FOR TOTING A PISTOL.

B. O. Neal of Melrose Convicted and Sentenced to Three Months.

Constable Bush of Melrose brought to this city Tuesday B. O. Neal, a negro convicted in Justice von Noszky's court upon a charge of carrying concealed weapons and fined $100 or three months in the "gang."

Being unable to raise the price of the fine, Neal will dig phosphate for a while.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause consumption, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

University Boys Home.

The University of Florida football team has returned home from Savannah, where on Monday they met the Blue and White team of the Forest City on the gridiron.

Notwithstanding that the boys suffered defeat, owing largey to the fact that they were entirely outclassed as regards weight, they were a cheerful lot, and feel by no means discouraged.

Letter to R. B. Livingston, Gainesville, Fla.

Dear Sir: If you could get the exclusive sale of a coal that would give double heat and cost no more, you'd jump at it, wouldn't you?

You'd control the trade for a hundred miles!

Devoe is like that among paints; a short ton is as good as a long one of any paint you can name; a gallon is worth more than two of many a popular paint.

Suppose you have painted your house about once in three years ever since it was new; you buy the same number of gallons Devoe, have a third of it left, and it wears six years. Count your costs.

$1.75 a gallon for paint; $3.50 a gallon for putting it on; you saved 5 gallons; $26.25 on this job. But you save the whole job of three years hence: about $75. Put 'em together: $100.

Can't reckon so accurately as that; but you see how it goes. Paint isn't alike any more than coal. How much more is coal worth than ¼ slate?

Yours truly,
F. W. DEVOE & CO.

BUILT UP HER HEALTH

SPEEDY CURE OF MISS GOODE

She Is Made Well by Lydia E. Pinkham's Vegetable Compound, and Writes Gratefully to Mrs. Pinkham.

For the wonderful help that she has found Miss Cora Goode, 255 E. Chicago Avenue, Chicago, Ill., believes it her duty to write the following letter for publication, in order that other women afflicted in the same way may be

Miss Cora Goode

benefited as she was. Miss Goode is president of the Bryn Mawr Lawn Tennis Club of Chicago. She writes;

Dear Mrs. Pinkham:—

"I tried many different remedies to build up my system, which had become run down from loss of proper rest and unreasonable hours, but nothing seemed to help me. Mother is a great advocate of Lydia E. Pinkham's Vegetable Compound for female troubles, having used it herself some years ago with great success. So I began to take it, and in less than a month I was able to be out of bed and out of doors, and in three months I was entirely well. Really I have never felt so strong and well as I have since."

No other medicine has such a record of cures of female troubles as has Lydia E. Pinkham's Vegetable Compound.

Women who are troubled with painful or irregular periods, backache, bloating (or flatulence), displacement of organs, inflammation or ulceration, can be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Her experience is very great, and she gives the benefit of it to all who stand in need of wise counsel. She is the daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Address, Lynn, Mass.

A SERIOUS ACCIDENT

In Which a Former Gainesville Young Lady Sustained Injuries.

As the result of a runaway near Mayo a few days ago, A. R Sweet, cashier of the Bank of Mayo, lies in an unconscious condition, and Miss Daisy Westgaard, formerly of this city, is also suffering from injuries sustained by being thrown from the buggy.

From the information obtained, it seems that Mr. Sweet and Miss Westgaard were out driving, when the horse became frightened and began to run. The animal was checked down fairly well until it suddenly shied, and, running into a stump, turned the buggy over, throwing both occupants to the ground. Mr. Sweet received a dangerous scalp wound, which has proven quite painful and rendered him unconscious at intervals for several hours. The physicians believe that he is also injured internally.

WHAT IS CATARRH?

Simple Way to Overcome the Dangers of This Disagreeable Disease.

Catarrh is an inflammation of the mucous membrane of the nose, throat and lungs, with many annoying symptoms. In this climate there are few who do not suffer from this disagreeable disease, often in a chronic and dangerous state.

Fortunately, within the last few years, a simple and reliable treatment for catarrhal troubles has been found—Hyomei, a combination of healing and germ-killing balsams, that, when breathed through the neat pocket inhaler that comes with every outfit, reaches the tiniest cell in the respiratory organs, carrying its healing and health-giving properties to every part where the catarrhal poison is present.

Used in this way, Hyomei kills all catarrhal germs, drives the poison from the system and heals all irritation that may be present in the mucous membrane.

If you have any ordinary catarrhal symptoms, such as offensive breath, burning pains in the throat, cough, raising of mucous, difficulty in breathing, sneezing, huskiness, discharge from the nose, droppings in the throat, coughing spasms, etc., begin the use of Hyomei at once.

A complete Hyomei outfit costs but $1, extra bottles, if needed, 50 cents, and is sold by J. W. McCollum & Co. under an absolute guarantee that it will cure catarrh or money will be refunded.

AN ANTIQUE SALE.

Seven Shares of Stock for Manufacturing Company Yellow With Age.

Monday was rule and legal sales day, but there was little more than the ordinary doing at the court house. Judge Mason's docket shows nothing out of the regular routine.

There were a few articles sold at sheriff's sale, among which were seven shares of stock of the Gainesville Furniture and Wagon Manufacturing Company, to satisfy a claim of W. K. Bartleson vs. Edmond E. Voyle.

This case was rather an antique one, dated back as far as 1890, the levy having been made upon the same by S. C. Tucker, at that time sheriff of Alachua county. The proceeding was merely a formal one in order to dispose or the matter, and the shares were bid in by Attorney J. A. Carlisle for the complainant at 50 cents each.

A library of several volumes, religious works and law books, property of estate of Rev. W. S. Richardson, deceased, was sold to Col. W. W. Hampton for $17.60.

G.B.Burhans Testifies After Four Years

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease have disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." Sent Up For Larceny.

Special Constable B. M. Heckard, editor of The Alachua Post, brought to this city Saturday night Rufus Butts, a negro who was arrested for larceny at Alachua, arraigned before Justice Caswell, and committed to the county prison for three months.

It is stated that the negro, who is charged with breaking into a store at Alachua, was arrested and discharged as there was no evidence brought out to sustain the charge. Mr. Heckard, however, was evidently dissatisfied with the finding of the court, as well as convinced of the negro's guilt. Accordingly, armed with the proper authority in the nature of a special commission, he re-arrested the man and made him confess that he had stolen the goods. The negro was rearraigned with the result as above stated.

THE ELKS' HOME.

...ork Progresses Nicely, and Home Will be Completed Shortly.

Work on the Elks' home, corner West Liberty and South Pleasant streets, continues to move along nicely. The carpenters are now busily engaged in making the necessary alterations for a modern building, and when completed this will be one of the most conveniently arranged and most comfortable buildings in the state. The committee which has the work in charge deserves a great deal of credit.

The committee has not forgotten the wives, sisters and sweethearts of the Elks, for an elegant parlor and other quarters are being provided for the ladies. These will be elegantly furnished, and in all the Elks' home will be a desirable resort not only for members of the order, but for the ladies as well.

It is expected that the building will be ready for occupancy within a couple of weeks.

Road Overseer Thigpin, one of the most competent road-builders in the State, was in the city from Paradise Wednesday.

Mr. Thigpin, who has charge of the construction of the extension of the public road from Paradise to LaCrosse, states that he is mking fairly good time. He is working a force of four double-teams, recently purchased by the county, and a dozen or more men. A half-mile has already been constructed, and Mr. Thigpin hopes to complete his task by December 1.

Mr. Thigpin states that the material for road-building in the section in which he is now working is among the most durable in the county. It is a mixture of sand and clay, works beautifully, and shows indications of extraordinary wearing qualities, inasmuch as it is of a natural sand and clay composition.

Wednesday's Meetings.

The court house was a scene of activity Wednesday, the occasion being the meetings of the Board of County Commissioners and the School Board.

Tuesday was the regular meeting day of these bodies, but owing to the election the date was postponed for one day.

A full membership was present on both boards, and the regular routine of business was transacted.

EAST FLORIDA TELEPHONES.

System to be Extended to Brooksville Within Next Few Weeks.

The East Florida Telephone Company, the headquarters of which are in this city, are making rapid strides in the matter of service and extension, and are giving their patrons all that could be desired. Through the energy of this company the people of Gainesville are enabled to converse not only with their neighbors in the county, but it is now possible to talk with Ocala, Dunnellon and other points. It is a great convenience, as well as a comparatively economical one.

Manager E. E. Voyle of the East Florida has returned from Ocala, where he has perfected arrangements with the local exchange of the Brick City to connect with all local 'phones in Ocala. The system has just been completed to that city, and will be in first-class working order in a few days.

Manager Voyle authorizes the statement that work will begin in a few days on the Inverness, Floral City and Brooksville extension, and within a few weeks we may be enabled to talk to our friends in Brooksville.

MR. KIRBY'S HARD LUCK.

Burglars Relieved Him of Sixteen Dollars of Hard-Earned Money.

Rufus Kirby, an industrious young man of this city, is sixteen dollars shy as the result of a burglar entering his room some time during Tuesday.

Mr. Kirby is a hard-working, ambitious young fellow, and by his economy has endeavored to save up considerable. Occasionally he takes his savings to bank and deposits them, but for some reason he had neglected to attend to this deposit, which should have been made several days ago.

The money was in one of the private small steel banks furnished by the First National for the purpose of encouraging savings, and the thief relieved Mr. Kirby of the whole business.

Mr. Kirby's friends sympathize with him in this loss.

A Hunting Party.

Sheriff L. W. Fennell is at home again, after enjoying a fine hunt with a party of friends from the East End.

The hunting party consisted of Drs. Fortner and McRae, Hiram Fortner, Alex Craig, Cab Wynn, Joseph Nobles and John Fennell, all marksmen of recognized ability.

The party invaded the swamps of the Ocklawaha river, and from November 1 to 3 the victims of the hunt amounted to five deer, to say nothing of the small game.

Sheriff Fennell was compelled to return home and left the party reluctantly in camp, where prospects were good for a fine season's hunt.

Pleasant Hunting Party.

A pleasant hunting party, comprising Mr. and Mrs. S. J. Thomas and son, S. J., Jr, Mr. and Mrs. L. C. Lynch, and Mr. and Mrs. Greaves, who have been for the past two days enjoying camp life and hunting in the vicinity of Cooter Pond, are expected to return home today. The party was a jolly one, the ladies lending tone, and it is needless to add that the participants are thoroughly enjoying the novelty.

Micanopy Happenings.

Micanopy, Nov. 7.—Mrs. M. C. Price has been sick, but is out again.

The telephone exchange here will soon be completed, and then the line will be run into Gainesville.

Mr. Peace has moved into his house on Seminary street, and Mr. Melton is moving into the Simonton house which Mr. Peace vacated.

Revising Wage Scale.

Reading, Pa., Nov. 7.—The Reading Iron company announced Tuesday that its wage schedules now in force, are being revised and that a general advance will shortly be made in all departments.

DYING, SHE HELD MAN SHE LOVED

Girl Commits Suicide Thinking Her Love Unreturned.

MISUNDERSTANDING WAS CAUSE

Sweetheart Says He Was Only Teasing Her, and She Took His Jest Seriously—A Sad Tragedy Through a Misunderstanding.

Alpharetta, Ga., Nov. 7.—A lover's misunderstanding is the cause of a very sad tragedy in the southern part of Forsyth county, about 7 miles from Alpharetta, in the death from suicide of Miss Minnie Webb, the beautiful 16-year-old daughter of Mr. Henry Webb, a widely known and popular farmer.

For a number of year Miss Webb and Mr. Speer Stone, the son of Mr. and Mrs. George Stone, and a near neighbor, had been sweethearts, and their devotion was a constant source of favorable comment, as both were extremely popular in the community. They were constant companions and attended together the village church.

On the way to and from church Miss Webb appeared in extremely happy spirits and smiled in light-hearted joy on all who she passed.

Consequently one can imagine how sudden was the shock which came to all when it was known that Minnie Webb had shot herself shortly after dinner, and the family hearing the report of a gun and rushing to her room had found her lying across the bed in a dying state.

She stated that her sweetheart had told her that he did not love her, and as a resort she had shot herself.

The dying girl sent for her sweetheart, Mr. Stone. He arrived almost prostrated over the sad intelligence and protested that he was only trying to tease her and thought her threat to kill herself in answer to his statement was only an attempt to worry him.

However, the explanations proved too late, and in her lover's arms the fair young 16-year-old girl died.

The fatal shot was fired from a single-barreled shotgun. The young lady was highly accomplished and was greatly loved by all.

Chief of Police Suspended.

Memphis, Tenn., Nov. 7.—Mayor Malone Tuesday suspended Chief of Police George F. O'Haver for insubordination. Under th ecity charter the mayor has the right to assign the police where he may deem fit provided that in his judgment serious trouble is feared. There has been much bitterness between local factions in the campaign for the state legislative ticket and Mayor Malone has made reassignments for the police force. Vice Mayor John T. Walsh and Chief O'Haver instructed the men to remain where they had begn first assigned. The mayor thereupon suspended the chief and temporarily appointed Police Sergeant W. I. Hays to act as chief of police. It is said that the majority of the patrolmen took the assignments given out by O'Haver.

"Chewing Gum" Beeman Dead.

Cleveland, O., Nov. 7.—Edwin Beeman, one of the best known physicians in this city, died at an early hour Tuesday morning. About 25 years ago Dr. Beeman quit the practice of medicine to enter into the manufacture of pepsin chewing gum and later he was associated with W. J. White, now of New York. Dr. Beeman made a fortune of several million dollars as did Mr. White. It is said that the idea of combining pepsin with chewing gum was suggested to him by a young woman at a newsstand where he bought chewing gum. At any rate when Dr. Beeman was making money out of the idea he employed the young woman and saw that she was well taken care of when he disposed of his gum business.

Dressmaker's Deed.

Evansville, Ind., Nov. 7.—Miss Mayme Brannan, a dressmaker, living near Newburg, Ind., committed suicide by taking carbolic acid. No cause is assigned.

Wednesday's Fire.

An alarm of fire was turned in from Box 82 at 1:20 o'clock Wednesday afternoon, which summoned the department to the blacksmith shop of L. W. Denham, West Main street S. There was little damage, only a small hole being burned through the roof. It is stated that the building had been twice on fire in the forenoon of Wednesday, and that the flames were extinguished by those in the vicinity. It is thought that the origin of the third fire was caused from the spark of a passing locomotive.

Many Persons Have Catarrh of Kidneys But Do Not Recognize It.

A War Veteran Spends Hundreds of Dollars in His Attempt to Cure Kidney Trouble. He Took Pe-ru-na Upon a Friend's Advice and It Proved the Best Medicine He Ever Used.

DAVID L. JAYCOX.

Mr. David L. Jaycox, Chaplain Clarinda I. O. G. T. and Chaplain G. A. R., 865 Broadway, Oakland, Cal., writes:

"I am an old war veteran. I contracted severe bladder and kidney trouble.

"I spent hundreds of dollars and consulted a host of doctors, but neither did me any good.

"Finally some of my comrades who had been cured by Peruna advised me to try it.

"I at once bought a bottle and found it helped me so much that I kept using it for nearly four months.

"Peruna has proven the best medicine I ever used. My pains are gone and I believe myself to be cured.

"I feel well and would not be without a bottle in time of need for ten times its cost."

CATARRH of the kidneys is a very much neglected disease.

It is not until the disease has a firm hold upon the kidneys that the patient begins to realize that there is some derangement of these organs.

The slight backaches, the feelings of lassitude, and other warning symptoms of kidney disease are overlooked.

They are not serious enough to detain the patient from his regular work.

Even when he discovers that the kidneys are affected, he does not recognize the difficulty as being caused by catarrh.

Catarrh is sometimes so very gradual in its approach and its earlier symptoms cause such slight discomfort that it is not noticed.

However, when it is once firmly seated in the kidneys, it becomes a difficult disease to exterminate.

Indeed, catarrh of the kidneys is more serious than catarrh affecting some of the other organs of the body.

In the kidneys, it is liable to terminate in Bright's Disease or diabetes, both of which are recognized as very serious ailments, if not fatal.

The thing to be done, when catarrh of the kidneys is discovered, is to take some internal, systemic catarrh remedy, one that reaches the very source of the catarrh and removes the cause of the difficulty.

Such a remedy has been found in Peruna. It reaches catarrh, no matter where it may be located in the body—whether in the more exposed membranes of the nose and throat, or whether in the remotest part of the kidneys.

PE-RU-NA FOR KIDNEY DISEASE.

That Peruna is at once the safest and most reliable remedy for catarrh of the kidneys is proven by the many testimonials written by those who have experienced its benefits.

The testimonial given here is only a specimen of the many testimonials on our records, pertaining to the relief afforded by Peruna in severe cases of kidney trouble.

Mixed with sweet milk or with carbonated water and syrups, "Pusky" is a drink that makes a man carry his wife around in his arms just for the exercise.

THE ELECTION.

The result of Tuesday's election was about as predicted by The Sun on the morning of the election. Hughes, Republican, defeated Hearst, Independence League and Democratic nominee, by 52,600, but the other Democratic candidates in the Empire State were elected. This is additional evidence that the old line Democrats of the East will not stand for Socialism from a radical standpoint. The Democrats gained a number of Congressmen, but the Republicans still control the House as well as the Senate, and President Roosevelt will continue to direct legislation for the next two years. It was too much to expect a national Democratic victory this year, when the country is in such a prosperous condition, and those who predicted such a result of the battle of the ballots were looked upon as false prophets.

The only issue of interest in Florida was the drainage amendment, and the result shows that the people of this State do not care to invest five men with monarchial powers, the amendment having been defeated by a vote of at least two to one. The vote on this question in Alachua county is especially gratifying to The Sun.

President Mellen of the New York, New Haven & Hartford Railroad, in a recent address, asked why it is that men unable successfully to handle their own affairs are so frequently in evidence of handling those of the public. He said that this is one of those anomalies in human affairs that no one is able satisfactorily to explain. It would appear from this that Mr. Mellen does not think that the man unable to handle successfully his own financial affairs ought to be put in charge of the affairs of the public. But if this rule had been applied in this country, it would have prevented the magnificent public career of Daniel Webster, who was notoriously in a state of financial distress during most of his life, being a chronic borrower and apparently incapable of making money and living within his means. Nevertheless Daniel Webster was not only the nation's greatest political orator, but the nation's greatest constitutional expounder, and moreover he delivered in the Senate several orations on financial subjects which even today are standard authorities on the subject of money and credit. The fact is that some men capable of dealing in a large way with principles are incapable of applying them practically to their own affairs, and on the other hand, men capable of applying such principles in their own affairs so as to make money, are absolutely unable to conceive and state principles themselves.

George J. Gould says that a transcontinental railroad of the United States is assured. Meanwhile, however, Mr. Harriman, by his acquisition of an increased interest in the Baltimore & Ohio, appears also to be reaching out for a trans-continental system. A short time ago one of the leading railroad men of the country—not Mr. Gould—declared that in twenty years the whole railroad situation in the country would be radically changed and that the situation then would be a few systems reaching from the Atlantic to the Pacific. If this takes place it will be revolutionary indeed, for it has been the judgment of the best railroad experience that the public and the stockholder could best be served by making the Mississippi river the great dividing line of the railroad systems of the country. This, for instance, has been and still is the policy of the Pennsylvania Railroad, which has thus far persistently refused to enter into any plan of extending its system beyond the Mississippi.

Col. Robt. Davis was the most extensively congratulated man in town yesterday. It took him three hours to get to his office, so often was he stopped by those who desired to shake hands and ask about the "boy."—Tampa Tribune.

ALL DRUGGISTS: 50c. AND $1.00

F. M. Barnes, manager of the White City, Chicago's world-famous amusement resort, arrived in Tampa last week and at once began to make preparations for the appearance of the great White City Hippodrome at the State Fair. This attraction, which will cost the Fair Association $20,000 for two weeks, will appear only in Tampa, never having been South before. "My firm," said Mr. Barnes, "supplies the State fairs of the West with practically all of their attractions. In all my experience, however, my firm has never known another State Fair to contract for a single attraction as costly and magnificent as the White City Hippodrome. Having leased the Hippodrome to the Florida State Fair Association for a certain sum for two weeks, I have no financial interest at stake, and therefore my opinion is not biased. A show the equal of the Hippodrome to be put on during the Fair has never been equalled at any State in the South or elsewhere. In view of the great expense I do not see how the Fair Association can realize anything from the production. They tell me they are not in the business for the purpose of making money. Their contract with me, which I never once thought would be made, apparently proves the truth of this statement. The people of Florida should appreciate their liberality."

Gov. Napoleon B. Broward met his Waterloo when he "butted in" on the discussion of the drainage question at Tampa last Saturday night. Congressman Frank Clark made a "monkey" of the Governor from the time the latter opened his mouth, and the versatile Congressman had the vast audience with him from start to finish. Frank Clark is the best orator and greatest campaigner in the State of Florida, and whenever a person tackles him the result is a foregone conclusion. It is to be regretted that Mr. Clark's health has been such as to prevent him from taking part in the campaign until last Saturday.

"You have appendicitis and lung trouble," announced the physician, as he peeped through the patient with his X-ray apparatus, "also trace of liver complaint and a mild form of dyspepsia; also $28.10 in your pocket. My fee is $28." Here he turned off the current and told the patient the examination was over. "It's all right doctor," said the patient, "but it seems to me that you have neglected an opportunity to score ten cents and other things you mentioned."

Have you a good job? Don't forget that a lot of hungry-eyed individuals are standing around waiting more or less patiently to drop into it whenever you get a better one or when you get "fired." The way to get a good job is to be as good as the job; the way to get a better job is to be better than the present job; the way to get on the toboggan is to get it into your head that you are indispensable to the office, and to begin to act independent and "bossy."

They seem to have troubles over the servant question even in France, for a dispatch reports the President of France has fired his cook. It is to be hoped that no such trouble will occur in the White House, for with a man of the choleric disposition of the President of the United States the result might be disastrous.

Of all the special days at the coming Florida State Fair at Tampa, none will be more brilliant and enjoyable than Educational and Children's Day—Friday, Nov 23. State Superintendent of Public Instruction, W. M. Holloway, has prepared a special program for this occasion and invitations have been sent to every school in Florida to have their pupils present. Thousands of children will visit Tampa on this day, and they will be shown the best of care and attention from the time they leave their homes until they return. The railroads will make special arrangements for their care. In addition to the literary program, the directors of the Fair Association are arranging a fine special program, including a matinee performance in the Hippodrome, horse races, fireworks, and many other features. After a visit to the new Educational building addresses will be delivered by the leading educators of Florida. Every school teacher and patron in Florida should see that the children attend and receive the educational benefits to be derived from the grand display, as well as enjoy themselves.

"Therefore, I respectfully request ...u to obtain the same evidence and ...transmit to be forthwith, in order that ...may begin an immediate inquiry to ...such acts occurring in my jurisdiction ...as may be disclosed by an examinat... ...tion of the said documents."

In making public the letter, Mr. Moran also gave to the press copies of many letters, telegrams and codes, one letter being from Hughes.

Hughes claims that he bought a factory in Marion, Ind., from State Senator O. A. Baker, and in the factory Mr. Hughes found a desk, which he asserts was full of correspondence and documents revealing certain transactions with the American Tobacco company.

Hughes states in his letter that he endeavored to interest President Roosevelt and Governor Hanley, of Indiana, but was unsuccessful. He then sold the documents to Collier's under contract to be published Oct. 9 last.

Dairy and Food Commission's Report.

The Minnesota Dairy and Food Commission's analysis shows that Kennedy's Laxative Honey and Tar and Ree's Laxative Honey and Tar contained opiates and croton oil. Opiates are poisons and croton oil is a violent poisonous purgative. Refuse to accept any but Foley's Honey and Tar in a yellow package. Foley's Honey and Tar contains no opiates or dangerous drugs and is the best cough and cold cure. J. W. McCollum & Co.

ECZEMA AFFLICTS WHOLE FAMILY

Father and Five Children Suffered for Two Years With Terrible Eczema—Home Remedies and Medicines Gave No Relief—Mother Expresses Joy at

WONDERFUL CURE BY CUTICURA REMEDIES

"My husband and five children were all afflicted with eczema. They had it two years. We used all the home remedies we could hear of, without any relief, and then went to a physician and got medicine two different times, and it got worse. It affected us all over except head and hands. We saw Cuticura Remedies advertised and concluded to try them. So I sent for $1.00 worth, consisting of one cake of Cuticura Soap, one box of Ointment, and one vial of Pills, and we commenced to use them. I do not know how to express my joy in finding a cure, for two of my children were so bad that they have the brown scars on their bodies where they were sore. If it will be of any benefit to you, you can publish my letter with pleasure. Yours truly, Mrs. Maggie B. Hill, Stevens, Mason Co., W. Va., June 12, 1905."

CUTICURA A BLESSING

Always Was Sick.

When a man says he always was sick, troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: 'For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me.' Sold by W. M. Johnson.

APPORTIONMENT OF SCHOOL FUND.

Below will be found the semi-annual apportionment of the one-mill tax by Hon. W. M. Holloway, State Superintendent of Public Instruction; $82,602.14 is the amount apportioned, which is the largest semi-annual apportionment of the one-mill tax in the history of public schools in this State.

This amount of money is apportioned on the basis of the average attendance of the State, which is 88,882, the same being the largest average attendance for any year by several thousand. The average attendance for the last scholastic year shows an increase over the preceding year of nearly six per cent. This is indeed a fine showing, and speaks well for the educational system of Florida.

Amount for apportionment, $82,602.14. Rate per pupil, 92c.

CONFEDERATE VETS WILL HAVE BIG TIME

Elaborate Preparation Being Made to Entertain Them Here.

MANY VISITORS ARE EXPECTED

Committees Are Working Hard for the Success of the Reunion, Which Will Be Held on Tuesday and Wednesday, November 13 and 14.

As the time grows near for the holding of the State reunion of the United Confederate Veterans of Florida, interest seems to be increasing, and the indications are now that this will be one of the most successful and one of the most largely attended reunions the Veterans ever had.

The various committees appointed by Stonewall Camp, U. C. V., of this city, at a meeting about a month ago, are hard at work at their various duties, which is an assurance that the event will be one which will go down as one of the brightest laurels in Gainesville's history.

The ladies of the Daughters of the Confederacy have also been co-operating with the Veterans in making this reunion one of the greatest successes in State history. Both Chapters of the Daughters, as well as other ladies, have worked faithfully towards making the occasion one of grandeur and glory for Gainesville and the gray-haired Veterans who visit the city, and numerous receptions and parties have been arranged for their entertainment. The Association of the Blue and Gray, which is an adjunct of the United Confederate Veterans and the G. A. R., at a recent meeting showed its inclination to encourage the reunion by appointing various committees to work in conjunction with the committees of Stonewall Camp and the Daughters of the Confederacy.

The committee on reception and entertainment is composed of three well known and popular Veterans—S. H. Wienges, W. L. Jackson and J. D. Matheson. This committee is losing no opportunity to perfect every arrangement for the reception and entertainment of the visitors.

The people of Gainesville generally are manifesting a great deal of interest in the coming reunion, which will bring hundreds of the men who fought for the cause of the Confederacy—the cause which they believed to be right—together from every section of the State. These reunions, which are held annually, are the only means by which the veterans can assemble together and talk over "old times"—times when men's hearts and nerves were tried and not found wanting. This type of loyal citizenship of olden times is becoming more extinct each year, and it will not be long before they will be a memory of the past, but a memory scarce and reverenced. It is, therefore, no more than fitting that they should be supplied with every facility for enjoyment and discussion of reminiscences once each year, and it is gratifying to know that the people of Gainesville are almost as a unit in entertaining them.

A program of the exercises will be published as soon as prepared. Suffice it to say at this time, the program will be a most interesting one.

Do You Want to Know What You Swallow?

There is a growing sentiment in this country in favor of MEDICINES OF KNOWN COMPOSITION. It is but natural that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine.

Recognizing this growing disposition on the part of the public, and satisfied that the fullest publicity can only add to the well-earned reputation of his medicines, Dr. R. V. Pierce, of Buffalo, N. Y., has "taken time by the forelock," as it were, and is publishing broadcast a list of all the ingredients entering into his leading medicines, the "Golden Medical Discovery" the popular liver invigorator, stomach tonic, blood purifier and heart regulator; also of his "Favorite Prescription" for weak, over-worked, broken-down, nervous and invalid women.

This bold and out-spoken movement on the part of Dr. Pierce, has, by showing exactly what his well-known medicines are composed of, completely disarmed all harping critics who have heretofore unjustly attacked them. A little pamphlet has been compiled, from the standard medical authorities of all the several schools of practice, showing the strongest endorsements by leading medical writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed *free* to any one desiring to learn more concerning the valuable, native, medicinal plants which enter into the composition of Dr. Pierce's medicines. Address Dr. Pierce as above.

Dr. Pierce's Pleasant Pellets are tiny, sugar-coated anti-bilious granules. They regulate and invigorate Stomach, Liver and Bowels. Do not beget the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor.

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at $1.50 per copy. Last year we gave away 30,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will **you** share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

HAS AROUSED INDIGNATION.

Methods of Peabody Causes Protest of Policyholders.

New York, Nov. 6.—The following statement was given out Sunday night by Russell Fish, secrtary of the Mutual Life policyholders' association:

"The unwarranted methods adopted by President Peabody and other officers of the Mutual Life in electioneering have not only aroused the indignation and protest of policyholders throughout the country, but have also stirred up the insurance departments of a number of states, notably Kentucky, Michigan, Tennessee, Minnesota and Missouri.

"At the request of the Mutual Life policyholders' association a number of state insurance commissioners will soon meet in New York to make a thorough investigation of these matters. The charges against the present management of the Mutual by Mr. Calvin Tomkins, vice president of the Mutual Life policyholders' association, and filed with the Mutual on Oct. 10, 1906, which charges Mr. Peabody has declined to investigate will probably form the basis for this investigation.

"In a letter addressed to the members of the executive committe Mr. Fish says there is still hope for action against Messrs. Peabody, Rogers and others, as a result of what Mr. Fish declares to be a conspiracy. This case was placed before District Attorney Jerome on Oct. 18."

But you make a better profit than we do; you get the clothes. You get absolutely honest, all-wool fabrics; clothes you can respect; that you don't have to apologize for or be ashamed of because they're not what they seem.

You get what no "mercerized - cotton" clothes could ever give you—long, satisfying service; shape-keeping service; tailoring that fits your ideas and shape; style that's distinctive.

Such clothes preserve and strengthen a man's self-respect; "mercerized cotton" makes a man ashamed to look his clothes in the face; or ought to.
